

Staff Dress Code

Implementation of the Dress Code

4ward sports expectations are that appearance should be always professional both when in school and also when acting as a representative of the school at external venues.

This dress code is not exhaustive in defining acceptable and unacceptable standards of dress and appearance and staff must use common sense in adhering to the principles underpinning the dress code.

4ward sports recognises the diversity of cultures, religions and disabilities of its staff and will take a sensitive approach when this affects dress requirements. However, priority will be given to health and safety and security considerations. Risk Assessments will take place as appropriate.

Scope

This dress code applies to after school club staff and 4ward sports coaching staff.

For the purposes of this code the term staff includes those that work in the after school club and coaches for those that coach sport.

Responsibilities Staff

Staff are individually responsible for their general presentation, appearance and personal hygiene and should consider how this may be perceived by others. This means that all staff should wear clothing which:

- • Is appropriate to their role;
- • Is not likely to be viewed as offensive, revealing or sexually provocative;
- • Is absent of any political or otherwise contentious slogans;
- • Is not considered to be discriminatory and is culturally sensitive;
- • Does not place themselves or others at risk and complies with any health and

safety requirements.

Staff are responsible for following this dress code and should understand how it relates to their working environment and health and safety.

Managers

Managers are responsible for ensuring that the dress code is always adhered to in respect of the staff they manage. Managers should make new staff aware of the dress code and its requirements during the recruitment process and should re-iterate this as part of induction.
